

MAL GRIOT

TECHNICAL & STAGE RIDER

Queens, New York — based in India, available worldwide

CONFIG 01

Solo / Looper Set

Live vocal looping, RC-505, min. 5ft × 3ft stage

CONFIG 02

MC / Host / Spoken Word

Lavalier mic, roaming host, flexible footprint

CONFIG 03

Full Band

Vocals, drums, bass, guitar, keys — min. 14ft × 20ft stage

HOW TO USE THIS RIDER

- Each configuration below is self-contained — send the promoter only the page(s) matching the booked format.
- Every configuration assumes venue-supplied PA, mixing desk, monitors, power, and a sound engineer, unless a page states otherwise.
- All backline and mic requirements are minimums. Substitutions of equal or better spec are welcome — please confirm in advance.
- Hospitality: still water at stage/DI table for all configurations; green room access appreciated for full band and multi-set bookings.
- Advance with the artist directly for input list confirmation, load-in time, and soundcheck length before the show date.

Let's confirm the tech.

Send stage plot / patch questions here — reply within 1–2 business days.

- 1 × universal power 4-input strip (Type A/B, 120V/60Hz)
- 1 × high table/desk for laptop (100 × 50cm)
- 1 × extendable mic stand (2m) — backup/spot use
- 1 × chair
- 1 × 1L water bottle
- Support staff for load-in/out + sound engineer for the show

INPUT PATCH & CHANNEL LIST

CH.	SOURCE	PERFORMER	MIC / DI / AUX
1	Host mic	Mal Griot	Lavalier
2	Playback / cues	—	Laptop AUX (through Focusrite)

HOSTING NOTES

- As MC, Mal Griot roams the floor — a fixed stage plot isn't required for this configuration, only clean lavalier coverage across the venue footprint.
- If the booking includes a musical interlude or looped segment between hosting duties, advance the venue with the Solo / Looper Set page as an addendum.

CONFIGURATION 03

Full Band

Line-up: vocals, drums, bass, guitar, keys Min. stage: 14ft × 20ft Channels: 9

INSTRUMENTS — PROVIDED BY ARTIST / MUSICIANS

- Standard 5-piece drum kit + cymbals, single bass drum pedal

6	Kick	Drums	Kick mic
7	Snare	Drums	SM57
8	Overhead 1	Drums	Condenser mic
9	Overhead 2	Drums	Condenser mic

STAGE LAYOUT — MIN. 14FT × 20FT

■ Required from venue ■ Brought by artist / musicians

BAND NOTES

- Full Band is a hired/session lineup assembled per engagement, not a standing group — confirm final personnel, backline availability, and any instrument substitutions with the artist during advance.
